WHY OUR CLIENTS LOVE THE VIRTUAL PROGRAM

A FIRST-CLASS STRATEGIC COACH® EXPERIENCE

We uphold the same rigorous quality standards expected from Strategic Coach in our virtual program to ensure results, breakthroughs, and massive growth. Enjoy the same content, tools, and resources as our in-person workshops from wherever you are!

INTERACTIVE AND COMPREHENSIVE

This is not a program for those who want another sit-back-and-watch Zoom conference call. Rather, our virtual program facilitates intimate connections with breakout rooms for small-group sharing as well as full-group discussions with no more than 40 participants. You'll be engaged in a dynamic setting with coaches and other participants, so be ready to un-mute yourself and participate to get the most out of your experience.

INCREASED CONVENIENCE AND FLEXIBILITY

The beauty of entrepreneurship is the freedom and flexibility it can allow in your life and business. For many, that was what drew them to entrepreneurship in the first place! That's why our virtual program is perfect for entrepreneurs who value convenience and would like the freedom to attend from anywhere, saving on travel costs and complexities.

INCREASED ACCESS AND VIRTUAL CONNECTIONS

If you thrive with more frequent contact, shorter sessions, and more one-on-one calls, our virtual program is for you. And just like with our in-person workshops, you'll have the opportunity to connect with a global group of entrepreneurs from a variety of industries. The diversity of thinking, businesses, and backgrounds in our virtual program offers a powerful dynamic that is sure to elevate the way you think about your own business.

A FOCUSED EXPERIENCE

Distractions are common in entrepreneurs' daily lives. Take this unique opportunity to step away from the day-to-day and focus on your mindset, your progress, and your next steps. To get the most out of the Program and maximize your strategic thinking time, make sure to protect your time and space so you can be fully present. Since you won't be in a physical workshop environment, it's vital to have a dedicated, distraction-free space and block out the time in your calendar to give your future the attention it deserves.

BY ENTREPRENEURS FOR ENTREPRENEURS

Being a part of an elite community of like-minded entrepreneurs is paramount to success. We know this from experience, which is why our virtual program connects you with coaches who are also entrepreneurs. That way, you have peer support, a valuable network, and mentor guidance as you move forward on your entrepreneurial journey.

"I joined Strategic Coach for three reasons: enhanced opportunities, connections, and a like-minded community. The virtual workshop sessions have surpassed my expectations in these areas, and I appreciate being able to tap into Strategic Coach resources as well as the knowledge and experiences of my fellow entrepreneurs online. I feel continually supported and inspired, and the workshops continue to make a big impact on me and my business."
